

## **Abstrakt**

### **Title:**

Age of the swimmers in the Master Championships in finswimming between 2002 - 2008.

### **Objective of the thesis:**

The objective of the thesis is to state the age structure of finswimmers in the World Championships between 2002 - 2008, in surface finswimming, Apnea, Immersion, and open water finswimming.

### **Method:**

Basic statistical method was used to assess the data. Via the computer data process, the list of the actual representation of age categories amongst the finswimmers in the championships between 2002 - 2008 in all swimming events was acquired.

### **Results:**

Submitted work records are showing the list of age categories amongst the finswimmers in the championships in all swimming events of male and female between 2002 - 2008.

### **Key words:**

age of swimmers, sport training, sport efficacy, sport-diving.
